TENTATIVE AGREEMENT SUBMITTED BY EXECUTIVES

Railroad Strike Negotiations Take a Hopeful Turn This Afternoon

CANADIAN ARBITRATION LAW, WITH SOME SLIGHT CHANGES, ACCEPTABLE TO BOTH SIDES

(By Associated Press.)

WASHINGTON, August 24.—An agreement involving the acceptance of eight hours by the railroads under conditions whereby they are assured freight rate increases is expected either late this afternoon or tomorrow. Developments gave a hopeful turn to negotiations between the president and rail executives following a conference between the president and the subcommittee. Afterward it was said: "The outlook is more hopeful if anything."

Commissioners Chambers, of the Board of Mediation and Conciliation, after a conference with the president, carried a message to the brotherhood leaders the purport of which was not

learned, but it is believed some form of proposal made to the president last night by the railroad executives' subcommittee, kept secret. But Garretson, voicing the opinion of all, said: "It is certain that it was not depressing." Others indicated that it was very satisfactory.

The rail executives also are understood to have asked Congress to create a permanent board or commission similar to the Canadian commission to handle future labor difficulties.

The commission of this character will be empowered to investigate when labor troubles threaten and a strike could not be called or a strike vote taken pending investigation and until a full report is published with

the conclusion. Arbitration then is suggested and, if not accepted, opportunity is given the men to take a strike vote, with the balloting secret. These proposals were communicated by Commissioner Chambers to brotherhood leaders, who apparently regarded them favorably.

Chambers reported to the president and subcommittee of the rail executives was summoned to the White House.

The president is understood to feel some sympathy for the counter demands of the railroads and is not averse to having the men accept. It is expected a vote of 640 labor representatives is necessary to receive endorsement.

KING LUDWIG STRICKEN WITH ATTACK APOPLEXY

(By Associated Press.)
PARIS, August 24.—King Ludwig, of Bavaria, was stricken with apoplexy today and his condition is grave, says a Rome dispatch. The monarch is 73.

REPULSED BY TURKS

(By Associated Press.)
CONSTANTINOPLE, August 24.—An official message reports the repulse of a Russian attack on Turkish positions along the Caucasus with a loss of 3400 Russians.

Belmont Makes An Offer For East End Property

The directors of the Tonopah East End Development company met last night to consider a tentative contract by which the Tonopah Belmont Development company is granted a bond and lease on the entire holdings of the property. The terms have not been announced officially, but it is understood that the East End com-

pany delivers 51 per cent of its capital stock to the purchaser on condition that the latter expends a minimum of \$50,000 in development. A new corporation will be formed with the same capitalization as the old one for the purpose of clearing the records and exchanging stock, which will be in the present ratio

of holding after depositing 300,000 shares in the treasury. The capitalization now is 1,500,000 shares of a par value of \$1.00 per share. The remaining 1,200,000 shares will be apportioned on the basis of 49 per cent to the stockholders of the East End Development company and 51 per cent to the Belmont. A resolution was adopted last night calling for a meeting of stockholders on Sept. 15 to ratify the action of the directors. As soon as this is done the new company will proceed with organization and then the Belmont will undertake extensive development for the purpose of deciding what course to pursue for permanent work. One of the plans suggested is to sink a number of diamond drill holes to depths ranging from 1500 to 2000 feet. The minimum to be spent in the preliminaries is \$2500 every three months, but it is certain that this will be but a fraction of the actual outlay, as there is reason to expect aggressive work will begin with the passing of title.

The East End Development company owns 16 claims embracing about 250 acres in the extreme east end of the Tonopah district abutting on the Manhattan road. The company was promoted among employees of the Belmont, who have been putting up consistently for the past four years, but whose efforts have been handicapped by a heavy flow of water which seriously impeded operations. A single compartment and manway shaft is down to a depth of 450 feet and a gas hoist is used. The power line was extended to the mine about two years ago, but the juice was only used for operating the pump and compressor.

This is the fourth sale that has taken place in the eastern territory during the past two months. The other transactions involved the Serventy Six group, which sold for \$18,300 with a payment of \$6000 down, the East Union, the Johnnies and Prince Ruperts. It is also stated that negotiations are on for acquisition of the Mount Oddie company group. In all these transactions the name of the real purchasing interest has not been given out. The motive of the buyers is said to be due to the desire to get in on the extension of the big Halifax ledge that was opened last October.

The Tonopah East End company is incorporated under the laws of South Dakota for 1,050,000 shares and is situated 2500 feet east of the Mispah Extension company's ground in the Tonopah mining district. The officers are Hugh H. Brown, president; Letson Balliet, vice president; E. P. Cullinan, secretary treasurer and general managers. Directors, Hugh H. Brown, Letson Balliet, J. R. Cunningham, E. P. Cullinan and Thomas Lindsay.

SUBMARINE BREMEN LEFT SEVEN DAYS AGO

(By Associated Press.)

LONDON, August 24.—The departure for America a week ago of the submarine Bremen, the sister ship of the Deutschland, is reported in a dispatch from Bremen by the Exchange Telegraph. It is said the owners received word seven days ago of the progress of the Deutschland on her return voyage and not until then was the Bremen permitted to depart.

The Deutschland returned slightly damaged, according to the dispatch, which declared the information was contained in a message from Bremen. Reports of the return are fully corroborated by a telegram from Bremen by Reuters' Agency. The Deutschland traveled 4200 miles. At the beginning of the voyage the sea was tempestuous and later calm. The boat proved able to navigate the stormy sea excellently.

(By Associated Press.)
BERLIN, August 24.—The Vossische Zeitung today published an interview with Captain Paul Koenig, of the

Deutschland, in which he expressed appreciation of the attitude of the United States in taking necessary measures to prevent violation of neutrality in connection with the departure of the Deutschland.

(By Associated Press.)
BOSTON, August 24.—The interned German liner Willehad, which has had refuge here since the outbreak of the war, slipped out of the harbor last night, presumably for New London, where she obtained clearance. Officials asserted the change was made to reduce docking charges. The Willehad is making the voyage under charter to the Eastern Forwarding company, American agents of the company operating the submersible merchantmen.

(By Associated Press.)
AMSTERDAM, August 24.—According to a Berlin dispatch the kaiser sent a telegram of congratulation to the owners of the Deutschland, expressing his pleasure of the safe return and indicating a proposed decorating of the vessel's personnel.

NECK AND NECK FOR THREE HEATS

(By Associated Press.)

CLEVELAND, Ohio, August 24.—Mabel Trask and St. Francisco, in the western reserve 2:08 trot furnished the thrills. With the wind blowing a gale along the mile ring the mare piloted by Cox and the stallion driven by the veteran Geers raced neck and neck through the entire course in all three heats, the Trask mare getting the first two heats and the race and Geers' horse nosing out the winner in the third heat. The two horses divided the major portion of the \$3000 purse.

Miss Perfection, the favorite in the 2:11 trot, after getting off to a bad start and finishing sixth in the first heat, stepped off in the next two, and won handily over Hazel Laing.

Young Todd had things all his own way in the 2:15 pace. Another member of the Todd family, General Todd, showed a clear pair of heels to his competitors in the 2:07 pace, winning in straight heats. Altawood, the favorite, failed even to get within the money.

HARRY GRIER, general agent of the T. & T. railroad, arrived today from Reno.

GERMANY PAYS HIGH FOR LOAN

(By Associated Press.)

LONDON, August 24.—Arrangements have been completed for the flotation of a new German war loan, says the Exchange Telegraph, to be issued September 4 with interest at five per cent, the same as previous loans. Subscriptions will be received to October 5. The issue price is 98, which seems to indicate that Germany, in common with other belligerents, is compelled to pay a higher price for its funds as the war advances.

SOCIALIST LEADER SENTENCED TO JAIL

(By Associated Press.)

AMSTERDAM, August 24.—The result of Dr. Karl Liebknecht's appeal against his sentence for war treason has been the imposition of a new and severer sentence of four years and one month penal servitude and expulsion from the army, according to a dispatch from Berlin.

HAITI FINANCES TO MAKE FRESH START

(By Associated Press.)
WASHINGTON, August 24.—A protocol amplifying a financial and economic administrative treaty with Haiti was signed today.

MANIAC TRIES TO KILL BABY

(By Associated Press.)
SAN FRANCISCO, August 24.—Holding his eight months old baby and brandishing a huge butcher knife, Pietro Bilboa began what a disordered mind intended for sacrificial ceremonies. After cutting a cross on the infant's forehead his wife interrupted the maniac when he was about to drop the child from a second story window, wherein he stood nude.

BAKERS RAISE PRICE DOUGHNUTS

(By Associated Press.)
SAN FRANCISCO, August 24.—Retail bakers have raised the price of raisin and twist bread from five to ten cents a loaf. Doughnuts, as heavy as ever, have been increased to 15 cents a dozen, together with rolls and buns. The weight of a five cent loaf of white bread has been reduced from 14 to 12 1/2 ounces.

CHICAGO MILLIONAIRE FIGURES IN GIRL ADOPTION SENSATION

(By Associated Press.)
CHICAGO, August 24.—Edward W. Morrison, a millionaire recluse, was named in proceedings before Federal Judge Landis as the real father of two girls he recently adopted.

The accuser was Joseph Burnstein, a junk dealer. His wife, he declared, confessed to him on her deathbed that Morrison was the father of the girls.

The millionaire, who is nearly 80 years old, denied the accusation. His reason for adopting the girls, he testified, was because their mother had pleaded with him, when she was taken ill, to care for them. He had

GOLD STRIKE ON BELMONT

A most significant and important strike has been made in the Belmont claim of the Tonopah Belmont Development company. It is on the 1400 level a short distance west of the shaft. Wild rumors were immediately circulated, one being that the vein was six inches in width and that it ran 198 ounces in gold, together with enough silver to carry it over the \$4000 mark.

Frederick D. Bradshaw, general manager of the Belmont, smiled when a Bonanza representative told him of the street gossip. He said: "Go down and look for yourself, sample, assay and deduct." By deduction he did not mean to lessen, but to draw inferences. It will be impossible, however, to inspect the strike until tomorrow morning, when Superintendent Fitzgerald makes his rounds. Until that time Mr. Bradshaw's brief statement must suffice: "We have encountered a vein three feet in width. The formation is somewhat broken. Only one round of shots has been put in in each direction. All I can say at present is that the values are good and that gold is in preponderance."

HEAVY CRANES COLLAPSE CAUSING FIVE DEATHS

(By Associated Press.)
ERIE, Penn., August 24.—Five were killed and several injured at the plant of the National Foundry company when two heavy cranes collapsed.

THOMAS W. CLIFFORD returned last night from Long Beach, where he has been spending the past month.

CHICAGO MILLIONAIRE FIGURES IN GIRL ADOPTION SENSATION

known them all their lives, he said, and was fond of them. Anna, the eldest girl, is 18; her sister, Alice, is 16 years old. They have made their home with Morrison since their adoption about a month ago.

The action before Judge Landis was a petition to appoint a receiver for Morrison's properties, which have been variously estimated in value from \$2,000,000 to \$8,000,000. One of the contentions was that Morrison had adopted the two girls to prevent the city of Chicago from receiving the estate, which, under the will of his father was to be used for edu-

cational purposes if Morrison died childless. Morrison is alleged to have given away to certain friends during the past seven years more than \$2,000,000. One of the transactions concerned was the transfer to James Ward, his attorney, of property on which the Hotel Morrison stands. It is declared to be worth more than \$2,000,000. Property valued at \$500,000 was given to the lawyer unconditionally.

It also was brought out that John Sommers, who said he had known Morrison for 25 years, had received \$200,000 for providing the aged millionaire with amusement.

BULGARS VICTORIOUS MACEDONIA FRONT

Entente Armies Along the Struma Forced to Flee, Leaving Dead and Wounded

(By Associated Press.)

BERLIN, August 24.—Defeat of the entente forces along the Struma and Macedonian front and northeastern Greece is reported by the Bulgarian War office. The entente forces fled leaving dead and wounded. Large

quantities of ammunition and supplies, including eight machine guns, were captured by the Bulgarians.

A Bulgarian attack against the Serbian position at Lake Ostrovo, on the Macedonian front, defeated the Serbians' counter attacks.

KAISER TO OPEN WAR ON RUMANIA SOIL

Belief is Held That the Die Has Been Cast to Side With the Entente Allies

(By Associated Press.)

BERLIN, August 24.—Government circles, though none too optimistic, view the Rumanian situation calmly, taking the attitude that it is Rumania's next move. The feeling is that the central powers have done everything possible to meet Ruma-

nia's views, and that Rumania, by persisting in the course desired by the entente and her own expansionist party, will find the central powers ready to make an effort to see the new theater of war is moved to Rumanian soil.

WEST END OWNS ITS OWN WATER SUPPLY

A water line has been laid from the Halifax mine to the West End mill. It is a four inch pipe, deeply imbedded to be free from frost. The system was tried out yesterday. This water will be used by the West End mill. It is pumped from the 1700 level and intermediates of the Halifax to a tank on the hillside above the Belmont and thence is conveyed by gravity.

MUNITIONS MEN MADE BANKRUPT

(By Associated Press.)

WASHINGTON, August 24.—Senator Penrose, in continuing his attack on the administration revenue bill, declared that instead of growing rich many munition manufacturers had gone bankrupt. Assailing the tax on munition manufacturers, he said:

"The tax, I suppose, is levied on the theory that enormous profits are made, but it is no exaggeration to say a large majority of the manufacturers have not fared well. Many have gone bankrupt. Very few made good profits."

EXCEPTIONALLY FINE BILL AT THE BUTLER TONIGHT

James J. Corbett, otherwise known as Gentleman Jim, will be seen to-night in "The Burglar and the Lady," a five reel photoplay with many gripping and soul stirring scenes. He will be assisted by petite Claire Whitney, the famous screen beauty. The play is well worth seeing and has been drawing record crowds in the coast cities.

WOMEN FIRST VOTERS ATTEND HUGHES RECEPTION

(By Associated Press.)
LARAMIE, August 24.—A committee of first women voters of the United States will attend the reception of Hughes tomorrow afternoon. Women voted here in 1912.
